

JUNIOR SOFTWARE DEVELOPER

UI/UX Design | Story Design | Analytical

- An inquisitive student of Software Engineering Technology, specializing in Artificial Intelligence
- Holds strong critical thinking and problem-solving skills, demonstrated through applied projects
- Proficient in C++, C#, Java, SQL, CSS, HTML, JavaScript, Python, Unix/Linux, and the MERN stack
- Experienced with industry-standard tools such as Git, Visual Studio Code, Visual Studio, MS Visio, MS Office, FileZilla, Eclipse, and Oracle SQL
- Project experience with object-oriented programming, user-oriented design, testing and debugging
- Knowledgeable of Information Technology (IT) including hardware, software, networks, databases, cybersecurity, IT infrastructure, IT support, cloud platforms and firewalls
- Multilingual in English and Japanese; strong communication and interpersonal skills with colleagues and clients

EDUCATION

Software Engineering Technology - Artificial Intelligence (Co-op) Advanced Diploma Jan. 2026 - Present
Centennial College, Toronto, ON GPA: 4.361/4.5 (A+)

Relevant Courses:

Python Programming	Web Interface Design (HTML)	Database Concepts (SQL)
C# Programming	Client-Side Web Development (JavaScript)	Unix/Linux OS
AI Systems Design	Web Application Development	Java Programming

SELECT PROJECTS

Technical Documentation - Software Requirements Specification (SRS) - [Project](#)

- Collaborated in a team of 4, using Agile practices to develop an SRS document for a learning management system
- Served as the Project Lead, with responsibilities including: assigning tasks, creating schedules, tracking milestones, verifying/modifying project components, and ensuring project is submitted by the deadline
- Contributed to critical document components such as, Purpose, Document Conventions, Intended Audience and Background Research, Product Scope, Product Functions, User Classes and Characteristics, Design and Implementation Constraints, User Documentation, Assumptions and Dependencies, User Interfaces, Use Case Table, Use-Case Formal Descriptions, Diagrams and Header Gen AI Sequence

eCommerce Database - SQL - [Project](#)

- Co-developed a database that allows a retailer to store, update, retrieve and maintain inventory
- Analyzing the project goals, oversaw task allocation, planned project milestones, conducted an agile meeting, shared members' progress each week and submitted the deliverable as per requirements
- Contributed to sections: Stakeholders, Functional and Non-functional Requirements, Study of Existing Systems, and creating Tables, Data and Business Requirements

Web Design - HTML, JavaScript - [Project](#)

- Designed a responsive, user-oriented restaurant website to serve as a marketing and ordering platform
- Created Home, About Us, Menu (Calendar, Gallery and Menu List), Order, Contact Us, Site Map, Search Bar
- Linked to GIPHY to show relevant images if users search the name of foods or drink
- Used AI Cypress to track users' manipulation

PROFESSIONAL DEVELOPMENT

Fundamental Information Technology Engineer (FE) | Information-technology Promotion Agency (IPA), Japan
Information Technology Passport Examination (IP) | Information-technology Promotion Agency (IPA), Japan
Microsoft Office Specialist (MOS): Excel Associate & Word Associate

EXPERIENCE

Seasonal Retail Sales Associate	Aug. 2026 - Sept. 2026
Follett Higher Education - Centennial College, Toronto, ON	
• Provide quality customer service in a post-secondary bookstore, assisting students and faculty • Organized shelves of the bookstore for students to find their textbooks and related materials easier • Verified price tag of each product if registered price and written price are the same • Answered customers' questions about return policy, product rentals and discount programs	
Progress Campus Orientation Volunteer	Sept. 2026 (multi-day)
Centennial College, Toronto, ON	
• Guided new students to various orientation activities, the bookstore and IT help desk for service support • Greeted new students, providing information and welcome packages and information • Assisted with orientation events debrief, teardown and cleanup activities
